Presenters

John Choate

With over 20 years of experience driving supply chain, manufacturing, and technology innovation among OEM/EMS corporations, John is an expert at leading complex initiatives to increase output, sustainability, and bottom-line results. John is a SCORE-certified mentor and a member of the AZ Artificial Intelligence (AI) committee.

Rodney Nelson

As Vice President of Client Operations for the Arizona MEP, Rodney leads

employees become more efficient and profitable. Rodney has held positions in the solar, semiconductor, e-commerce and healthcare industries and has 20+ years in several areas of management.

Jim Harrison

Jim Harrison, Director of Supply Chain Optimization for the Arizona MEP, has 25+ years of manufacturing and supply chain operations leadership. He transforms organizations by enhancing production and global supply chains, supporting manufacturers with staff experts and an extensive partner network to boost Arizona's manufacturing.

Mark Luccitti

Mark Luccitti is a Senior Operations executive with nearly 40 years of experience in manufacturing, supply chain, and engineering roles spanning companies ranging from Fortune 50 consumer products to rapidly growing private enterprises. He serves as COO for a rapidly expanding precision manufacturing startup and is a certified SCORE Mentor.

Alison Scott Bull

Alison Scott Bull is the Senior Vice President of Construction Products with SWD Urethane, and a Mentor for SCORE Greater Phoenix. Alison played a pivotal role in the design and execution of the company's expansion, elevating it from a regional presence to a national brand, achieving a remarkable fourfold growth.

Greg Scaven

Greg Scaven is the CEO of SWD Urethane. He possesses extensive experience in leading engineering, technical, and operations teams while fostering a dynamic, employee-driven culture of continuous improvement. Greg's background includes experience in defense, space aerospace, and automotive industries, among others.

Stacey Faulkner

As the Workforce Administrator at the Arizona Office of Economic Opportunity, Stacey manages the Governor's Workforce Arizona Council, fostering collaboration with industry leaders. Stacey also plays key roles on the National Governors Association's Executive Committee, ASU's Tech Hub Executive Committee, and leads statewide initiatives.
